

**FUTURA BIO IS A STEEL  
MULTI WOOD FUEL BOILER  
WHICH BURNS LOGS,  
CHIPS AND PELLETS.  
THESE ARE RENEWABLE,**

**ENVIRONMENTALLY FRIENDLY  
AND CHEAP TO BUY DOMESTIC  
FUELS WHICH CAN REPLACE  
THE HAZARDOUS IMPORTED  
LIQUID FUELS (OIL & GAS).**

The Revolution in micro-  
generation has only just began  
in the UK – HEATPOINT aims  
to be part of the big changes on  
the journey to 2020 and beyond.

A new dawn has arrived where  
everyone, not just the few, have  
the opportunity to generate heat  
and power for themselves or to  
share it with their community.

THE FUTURA BIO  
Available in various colours

**Biomass Heating and Power for Domestic and Commercial Use**

**HEATPOINT IS AN ENERGY CONTRACTOR THAT UNDERSTANDS THE NEEDS IN TODAY'S ENVIRONMENT TO CUT OUR CARBON FOOTPRINT AND SAVE MONEY.**

We are passionate in providing affordable and easy to use biomass heating and energy efficient solutions in old and new buildings, estates and conversions. Demonstration site operating in Scotland.

**HEATPOINT IS A DILIGENT SCOTTISH CONTRACTING COMPANY. WE ARE PASSIONATE ABOUT AFFORDABLE EASY TO USE SOLUTIONS TO MAKE YOUR ENVIRONMENT MORE COMFORTABLE.**

We all want to slash running costs, cut our CO<sup>2</sup>, and if you choose to work with HEATPOINT, we can SAVE you money too!

**FROM A BACKGROUND IN RETROFIT AND ECO REPAIRS OF TRADITIONAL BUILDINGS PARTICULARLY IN RURAL AREAS.**

We understand that these structures require ongoing maintenance and have substantial heat demands. (Many of our homes and offices are not newbuilds or ecohomes).
